

Dear Manana and other members of the team,

Thank you for your beautiful and comprehensive report on the 2019-2020 school year.

It's nice to get an impression of all the work that has been done by you Manana, by the team, by the teachers, by the parents and above all, by the students. All have worked hard and the students have scored great results.

In the report, you and also on behalf of the parents express a great deal of gratitude to the FSM Foundation. We understand that and thank you for that.

But we, as a foundation, see it as the care of our Lord Jesus Christ for the children of Madagascar. He has provided us in Holland with financial resources and we can pass them on to you. He instructed us to share our properties with the less fortunates.

So thanks to God, who made it possible that in the 2019-2020 season 140 pupils went to school and get diners, that the teachers could do their job and that you as a team could give so much good guidance.

Can you, when possible, express our thanks and greetings to the teachers and parents?

With warm greetings and love,
